wall, floor, ceiling, furniture, curtains and decoration

## We know it ...

**Hotel rooms** that were once new are always subject to constant wear and tear and almost daily cleaning procedures.

This requires the best furnishing quality at affordable prices and clever maintenance management.

Have a closer look and explore how we deal with it.

### MINOR «ACCIDENTS»

we excuse our guests.

Especially since the «used and damaged » traces don't have a name. But over time they add up.

The "historical" traces speak their own language and tell impressive stories.

### IN UNCERTAIN TIMES

**UPCYCLING** of hotel rooms offers a suitable solution.

With "smartRepair" and gentle upstyling, the hotel rooms revive again with a guest appealing, amazing and contemporary **ambience**.

Your hotel rooms shine in convincing **new splendor**.

Your guests will **be thankful**.

**Conclusion: UPCYCLING** is a cost-conscious ambience upgrade.

The clever "**renovation light**" can be flexibly adapted to the time, the execution time and the available budget.

**Tailor-made UPCYCLING** – paired with intelligent marketing is **the order of the day**.
